Parent Education Series

2014

Topic: Funding Processes
Department of Communities – Disability Services
Date: Tuesday 6th May, 6pm – 8pm

See inside for details
Funding Processes

A representative from the Department of Communities - Disability Services will discuss funding support provided by the Queensland Government - how to apply and what to expect.

Topics addressed will include:

- Eligibility
- Requesting specialist support
- Needs assessment
- Priority level and linking to support
- Self-directed support

This session will be an opportunity to learn more about funding support through the Department of Communities and to ask any questions you may have about the process. The session is open to all parents as specialist disability support may be requested at any stage, and is of particular interest to those with children approaching the end-point of schooling (Pathways/ Seniors.)

Information is also available on the Department of Communities, Disability Services website.

Come along, learn with others and chat afterwards over a cuppa.

You are welcome to bring a family member or friend.

Where: Mitchelton Special School – Pathways room

When: Tuesday 6th May 2014
6pm - 8pm
Child care available

RSVP: Please return the slip below so we can plan child care, catering and handouts.
